You are popular. I also know you are crazy busy. Not sure if you are the right person to work on this, but it would be good to discuss. Stibnite is not on the NPL, but ranked high on the HRS back in the early 2000s.

Hi Cami and Jeff

This morning I listened in to a meeting between Midas Gold and HQ (Susan and Peter) - we are being asked to staff this project. I don't have a good sense of workload but have attached the draft agreement they are pitching. I'd like to assign Ed Moreen to this project. Let me know your thoughts? If acceptable - I'd like to have a meeting/call between Elizabeth McKenna, you both, Ed and me to see what the workload really looks like. The Midas team stated they want to be in the field in June so we're on a really tight timeline.

Subject: Midas Gold's Proposed Agreement - Stibnite Mine Site

I have attached Midas' proposed agreement to conduct investigatory work at two locations at the Stibnite Mine Site. I expect that this will be a topic of conversation tomorrow during the meeting.

Regards,

Elizabeth McKenna
